

# PROJECT NEWSLETTER 2

NEWSLETTER #2  
February 2020

## WELCOME TO THE SECOND NEWSLETTER OF THE “APPHOP” PROJECT!

You will learn more about:

- The progress of the partners' work regarding the APPHOP Project
- The second Transnational Partner Meeting
- The Project's outputs

## WHAT HAS BEEN DONE?

**The first part of the work in the APPHOP Project is creating educational content for IO1 and IO2 resources.**

**The first Intellectual Output** contains from 15 Digital Breakout learning resources that address 3 competence areas identified in the EntreComp Framework.

**The second Intellectual Output** is an In-service training programme which will enable and support the CPD of VET tutors to develop their own digital breakout resources.

## WHAT IS COMING?

During the coming months, partnership is planning to:

- continue work on developing Intellectual Outputs of the Project
- create a dynamic, online learning environment that will provide an instant access to all produced resources.
- meet again on 10th of August in Athens, Greece in order to discuss the next steps of the project.

# 2nd TRANSNATIONAL PROJECT MEETING IN SPAIN

## MEETING IN MADRID, SPAIN

Partners of the APPHOP Project met for the Second Transnational Partner Meeting on 20<sup>th</sup> of February 2020.

## THE HOSTING PARTNER

The Second Transnational Project Meeting of the APPHOP Project was organized by the Spanish partner – JAITEK.

JAITEK - is a company based in Madrid (Spain). The company provides consulting, implements and validates eLearning environments. Also involved in the development of programs and training materials, designing web pages, e-learning, e-business solutions, using the most innovative educational data-base management and interactive boards utilization.

The main mission of the organisation is not only the technology, but specially the methodology to be used in order to make technology really effective in educational processes.

The second project meeting started with a short review of the project – intellectual outputs, objectives, schedule and general development.

The meeting was filled with discussions on the resources developed by the APPHOP partnership in previous months.

Firstly, partners presented a draft framework for development of the Digital Breakout Entrepreneurship Resources comprising IO1 of the project. Then, the partnership analysed and discussed an In-service Training Programme. Next, partners discussed and agreed the functionality of the e-learning platform.

Additionally, consortium discussed administration, technical and management issues of the project.

The meeting was finished with clear division of tasks among partners and establishing deadlines for coming months.
